Projected Activity from the Previous Analysis

This is a projection of the activity for your escrow account from the Previous Analysis. This projection was based on the disbursements anticipated to be made from your escrow account. Compare this projection to the actual escrow activity in the Account History (summarized below).

The escrow payment in this projection may not equal the escrow payment in the Account History if an adjustment was made to collect a shortage or refund a surplus.

Adjustments to the payment and differences between the anticipated and actual disbursements may prevent the actual balance from reaching the projected low escrow balance.
